Your actions today determine their future tomorrow  
Invest in a leadership plan for Millennials and Digital Natives before it's too late!

### Organization Skills Profile

Our development assessment is a great opportunity to help companies determine their current needs for leadership and build a learning journey for their employees.

### Real-World

Our modules for Leading Self, Leading Others and Leading Organizations are designed to accurately portray leadership challenges and provide solutions that can be applied instantly.

### Generate Growth

From managing projects to strategic thinking and overall organizational performance, the Ascendis Leadership Academy has the content emerging leaders need for future performance.

### Industry Experts

Our world-renown Ascendis experts offer live webinars, podcasts, videos and interactive guides to keep young potentials engaged and challenged during their leadership training.

### Focused Learning Tracks

Subscribers can select from three learning tracks for self-paced study. This format empowers young leaders to set their own schedule. And without time pressure, memory is improved.

### Enhance, Not Replace

Keep your current required learning and development offerings - the Ascendis Leadership Academy is devoted to advancing the leadership abilities for future successors.
